CAPABILITY

Learn more about our capability programs on the IPAA website or contact us at capability@act.ipaa.org.au or (02) 6154 9800.

FUTURE LEADERS PROGRAM

The Future Leaders Program gives upcoming leaders the opportunity to discuss and debate new and emerging challenges, broaden their perspectives of the public service, and network with participants from across the sectors.

Developed in partnership with Deloitte, the program is an interactive series of events and discussions. It is not a training course, but a series of curated experiences integrated through panel sessions, roundtable group activities, connecting with SES and Future Leaders alumni, and networking with other program participants.

The program is open to organisational members of IPAA ACT. Participants should be at the APS6 to EL1 level or equivalent levels within the private sector or academia. Organisational members are allocated a limited number of places per program.

“Participation in the Future Leaders Program has played a significant part in my professional development.”

SES MASTERCLASSES

Senior Executive Leadership Conversations is a six-session program for SES Band 1 and equivalent leaders from across the public sector in the ACT.

The program is framed around challenges facing public administration and the ongoing attributes and mindset required for excellence as a leader.

Each of the six sessions focuses on the craft of leading in a complex, volatile environment where expertise alone will not suffice, but harnessing the experience of colleagues, teams, and stakeholders will be increasingly necessary.

FIRST NATIONS EMERGING LEADERS PROGRAM

This new program is designed for emerging First Nations leaders working in the Commonwealth and ACT public sector. It aims to emphasise Australian Aboriginal and Torres Strait leadership voices and lived experiences and provide a brave space to build our participants' resilience and authentic leadership brand.

SPIRIT OF SERVICE AWARDS

IPAA ACT's *Spirit of Service Awards* recognise public sector initiatives that drive positive change for the Australian community.

Drawing on the learnings from our historical and successful award programs – the Prime Minister's Awards for Excellence and the Public Sector Innovation Awards – we have created a new program that reflects leadership and excellence in the contemporary public sector.

The four award categories are:

COLLABORATION AWARD

Recognising cross-agency and/or cross-jurisdiction initiatives where organisations have collaborated to deliver superior outcomes.

COMMUNITY ENGAGEMENT AWARD

Recognising initiatives where communities have been deliberately engaged in novel ways and/or have played a key role in designing and delivering superior services, regulations and policies that positively impact the quality of community life.

BREAKTHROUGH AWARD

Recognising initiatives that develop and/or apply novel and ingenious analyses, products, processes, services, technologies and/ or management practices to create better outcomes for beneficiaries. Breakthroughs also include continuous improvement and repurposing of existing practices.

LEARNING AWARD

Recognising initiatives that deliberately engage with risk and potential failure to build public administration practice to address complex problems.

One discretionary award is also offered – the **Kerry Kennedy Award**. This award celebrates small organisations or agencies that despite fewer resources, achieve excellence through collaboration and thinking outside of the box. This award is in honour of the late Kerry Kennedy for his contributions to IPAA ACT and its past award programs.

The awards are open to all IPAA ACT members from commonwealth and ACT public sector agencies. Cross-jurisdictional initiatives are encouraged, provided the lead organisation is an IPAA ACT member and is from the commonwealth or ACT public service.

“There is encouraging and inspiring work happening right across the public sector and behind that work is teams of people who deserve to have their work called out and recognised.”

WORK WITH PURPOSE PODCAST

Launched in April 2020, the **Work with Purpose** podcast features discussions with leading experts about the challenges facing the Australian public sector and how to tackle them. David Pembroke, contentgroup's founder and CEO, leads the Work with Purpose discussions.
